Developer Tools	Postman , Git/GitHub

Projects

- AI Study Planner (Microsoft Imagine Cup) | [Live](#)**
 - Engineered a scalable RESTful backend** using **Node.js** and **Express**, integrating **Azure OpenAI** to transform raw syllabus data into structured, personalized study schedules and actionable daily targets.
 - Developed adaptive scheduling algorithms** that dynamically adjust daily goals based on topic complexity and user performance, solving the inefficiency of static learning plans by delivering a truly personalized Exam Prep Coach.
 - Implemented multi-modal AI tutoring** and real-time progress tracking endpoints, enabling a responsive **React/Tailwind** dashboard to visualize learning analytics and optimize user study efficiency.
- Freelanced Full-Stack Web Platform | [Live](#)**
 - Digitized a manual, error-prone record-keeping system for 500+ members, eliminating data redundancy and financial discrepancies.
 - Developed a robust Admin Dashboard with automated data extraction tools, allowing administrators to export filtered user analytics and financial reports to Excel.
 - Engineered a complex **Multi-Level Marketing (MLM)** in Node.js to automate hierarchy tracking and commission distribution, reducing calculation time by 90% compared to manual processing
- Freelanced Portfolio Website | [Live](#)**
 - Build a live portfolio website for a Freelance Filmmaker and founder of The Creative Cult.

Certifications and Achievements

- Certificate of completion in Web Development Bootcamp [MERN Stack] from Code Help in 2023, Serial no. TWZ18TMT ([Link](#))
- Certificate for clearing python basic assessment from Hacker Rank in 2021 , ID:171B1EF635E8 ([Link](#))
- Cleared GATE Exam 2025. ([Link](#))
- Research Paper on Exploring Ethereum Integration in Property Management. ([Link](#))
